

Domaine Treloar

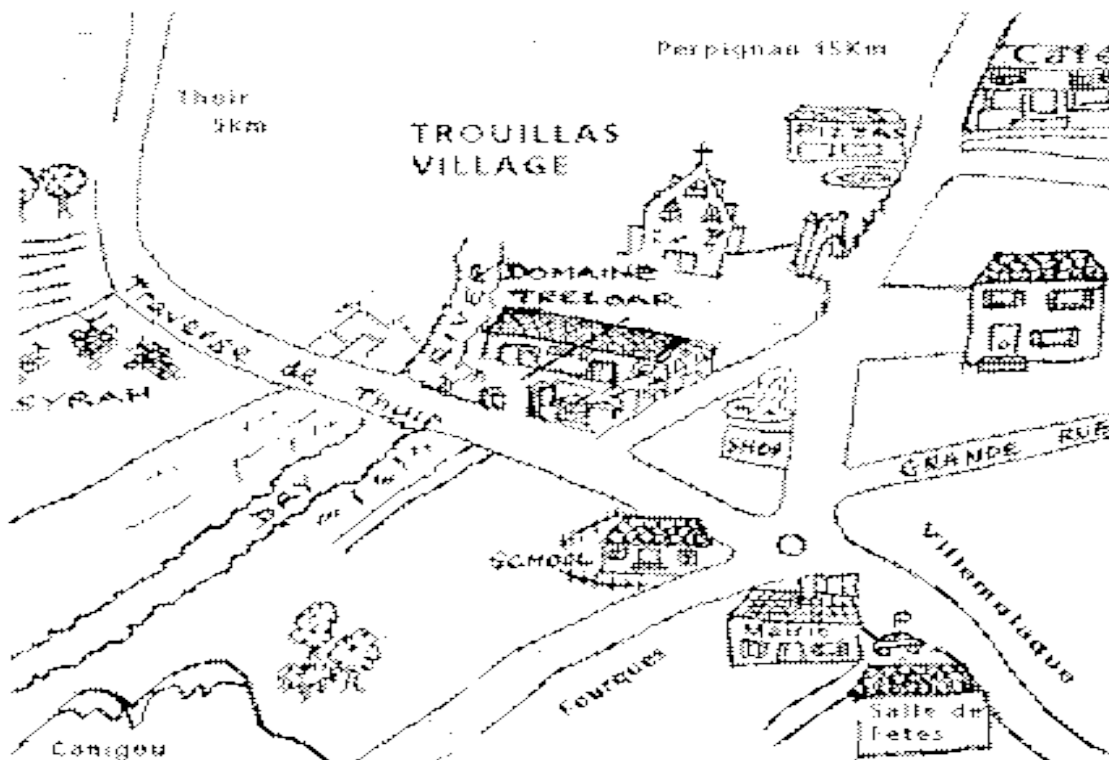

Trouillas is situated in the Aspres region of the Roussillon. It lies just off the N9, the main road from Perpignan to Spain. The turnoff is between Le Boulou and Pollestres and is signposted Thuir and Trouillas.

Leaving N9 Trouillas is the first village you will reach on the D612.

Just after you pass the Trouillas village sign, take the left turn towards Centre Village. This road will lead you through the village until you reach a mini-roundabout in front of the school. Turn sharp right here and go down the hill.

We are on the right just before the ford across the (usually dry) river, through a large gateway. There is plenty of parking in the courtyard.
